Madrona Garden Club Gin

London Dry Gin with Floral Notes

Madrona's Garden Club Gin is a tribute to all the gin drinkers out there who are happiest with our hands in the soil and some good tonic in the ice box. Notes of *rose, lavender and hibiscus* emerge in our juniper-forward traditional London Dry gin.

Enjoy Garden Club Gin as a Martini with some lemon peel or a sprig of lavender garnish, or in any of your favorite cocktails!

40% ABV, Distilled from Wheat

Produced and bottled by Madrona Distilling, LLC in Redmond WA
