Madrona Garden Club Gin

London Dry Gin with Floral Notes

Madrona's Garden Club Gin is a tribute to all the gin drinkers out there who are happiest with our hands in the soil and some good tonic in the ice box. Notes of *rose, lavender and hibiscus* emerge in our juniper-forward traditional London Dry gin.

Enjoy Garden Club Gin as a Martini with lemon or orange twist, with tonic, or in your favorite cocktail!

Produced and bottled by Madrona Distilling Inc in Redmond WA
