Madrona Barrel Reserve Gin

Madrona Barrel Reserve Gin is our Dry Gin with a few months in light American Oak. That time with wood contact adds a beautiful golden color and the complex vanilla and nut flavors you'll find in other quality aged whiskies.

The original gin character is retained and provides a delicious backdrop for the barrel flavors. We love this neat on the rocks with a bit of orange, or as the perfect match for the citrus and honey in a Bee's Knees cocktail.
