MADRONA
DISTILLERY

Madrona Navy Strength American Gin

Our Navy Strength offering is not just an overproofed version of our flagship gin. This innovative botanical blend includes a heavier bill of juniper and citrus with cubeb pepper and ginger offering a spicy finish.

We felt a Navy Strength should also honor the sea, so we harvested bull kelp from the shore of Orcas Island, Washington for a very smooth hint of maritime delight.

Blended to ***114 proof*** to deliver delicious gin character in bold and flavorful cocktails.

Get out there and pour!
